

# SPARK

Summer Program for Arts, Recreation and Knowledge

Newport News Public Schools is expanding its community-wide effort to ensure that students have access to extended learning opportunities during the summer.

SPARK, the Summer Program for Arts, Recreation and Knowledge, partners NNPS with local businesses, museums, non-profit organizations and city agencies to provide an engaging menu of offerings for students in kindergarten through 12<sup>th</sup> grade on Monday through Thursday at various times throughout the summer. With meals and transportation provided, free tuition for some programs and a wealth of quality programming, SPARK is a great opportunity for young people.

Held at locations throughout the city, the 2016 summer program will give students the opportunity to select from an array of offerings including academics, leadership, physical fitness, mentoring, art, music, dance and more.

*Are you the "spark" we need?*

NNPS is looking for engaging, motivated professionals to ignite students' passion for summer learning and enrichment. Positions are now available for core teachers, related arts teachers, ESL teachers, instructional assistants, media specialists, clerical professionals, school nurses, security officers and more.
