

## Making an Impact.

“There is a place in America to take a stand: it is public education. It is the underpinning of our cultural and political system. It is the great common ground. Public education after all is the engine that moves us as a society toward a common destiny... It is in public education that the American dream begins to take shape.”

—Tom Brokaw

# Talbot: A Connected Community

Educational partnerships connect Talbot County Public Schools, the families of students, and the surrounding community. These partnerships align school and community resources in order to produce successful students, strong families, and engaged communities. They combine quality education with enrichment opportunities, health services, family support, and engagement.

By sharing resources, expertise, and accountability, we can address challenges and create essential conditions for learning. In a time of declining fiscal resources and greater demand for public services, Talbot County Public Schools appreciates more than ever, the benefits provided by our educational partners. Indeed, the results of these partnerships have increased our educational success.

We are so fortunate to live in communities that have businesses, organizations, and community members that are willing to devote time, resources and expertise to our schools and students. Talbot County Public Schools thanks all our educational partners for their generous contributions. I am grateful for your support!

Kelly L. Griffith, Ed.D.  
Superintendent of Schools

## 2015-16 Board of Education

*Student Member*

*The Educational Partnership Annual Report reflects partnerships active between July 1, 2015 and June 30, 2016.*

*If there are any errors or omissions, please accept our apologies and contact Sally Moore at 410-822-0330 or [smoore@tcps.k12.md.us](mailto:smoore@tcps.k12.md.us)*

# At-Large Partners

School system-wide partners work to build lasting relationships, programs and services that will benefit the entire school and business community. Though their work is often behind the scene, these partners provide the strategic foundation that is essential to the success of educational partnerships.

**Talbot Bank** partners with TCPS to provide math lessons on banking and savings at all of our elementary schools.

- 2020 Strategic Plan Committee
- Academy Art Museum
- Avalon Theater
- Bartlett Pear Inn
- Character Counts! Mid-Shore
- Chesapeake Maritime Museum
- Citizen's Advisory Committee
- Giant Food
- Hertrich Chevy Buick GMC
- Hertrich Kia of Easton
- Talbot Bank
- Talbot County Arts Council

Alice and Jordan Lloyd of the **Bartlett Pear Inn** join TCPS to recognize and celebrate classroom excellence. Each month during the school year they present the Bartlett Pear Excellence Award to an outstanding TCPS teacher.

The **Avalon Theater** and **Talbot Arts Council** work with TCPS to program and fund cultural enrichment opportunities. Jeff Antoniuk and his Jazz ensemble performed in April for all eighth graders. Antoniuk held a jazz workshop at EMS prior to the concert and advanced band students performed with him onstage.

**Chesapeake Bay Maritime Museum** provides unique student learning opportunities. Advanced Placement Art and Carpentry students work side by side with CBMM Artist in Residence Christian Benefiel to learn metal casting.

**Giant Foods** of Easton has been awarding the Giant Teacher of the Month for 17 years! The monthly prize patrol delivers flowers, balloons and a gift card to an exceptional TCPS teacher.

**Character Counts!** coaches work with students across all grade levels and provide a consistent message on the importance of character in school and our community.

# Student, Family & Community Service

Organizations, governmental agencies, faith-based groups, businesses and individuals offer services that support student achievement. Tutoring, mentoring, career exploration, and social and cultural experiences are supplements to education that can be keys to unlocking a child's full potential.

The **Chapel District Elementary PTO** recognized the need for playground equipment sized for younger students. Realizing TCPS budget constraints, they began a fund raising campaign and partnered with local businesses to make the project a reality. The new playground is fantastic and the dedication ceremony took place in April 2016.

*The Star Democrat partners with Easton Middle School to produce the Panther Pride Press School Newspaper. Lori Satchell's journalism students visit Chesapeake Publishing to see the printing process in action!*

*S.M.A.S.H. (St. Michaels After School Help) is making a tremendous difference in student achievement at St. Michaels Elementary. 90% of students participating in the program are testing at grade level in reading and 100% of students have increased math scores. SMASH Chairperson Marylou McCallister is pictured with students.*

*White Marsh Elementary Grandparents Club members volunteer in classrooms on a regular basis and raise funds to support school based events and provide additional enrichment opportunities for WMES students.*

In the 2015-16 school year the **Bryan Foundation** partnered with the St. Michaels schools and funded anti-bullying t-shirts for all students and staff.

The Easton **Olive Garden** partnered with the TCPS infants and toddlers program to provide dinner for "Early Learning Parties."

Meredith Buxton introduces the violin to Chapel District third graders. She works with music teachers to provide 10 violin lessons over a 3-week period. The program is made possible by a grant through the **Talbot Arts Council**.

Artist in Residence Victoria Vox spent a week teaching Tilghman Elementary 5th graders to play the ukelele. **Tilghman Area Youth Association** sponsored the program and each student received their own ukulele!

# Employee Health, Wellness & Incentives

Employees are our most valuable resource. Health, wellness and incentive programs increase recruitment, retention and productivity. Efforts to enhance the lives of employees also improve the quality and academic achievement of our students.

**Hertrich Automotive Group** partners with TCPS to provide a new car for the Teacher of the Year and offer all TCPS employees discounts on service and sales. The Hertrich family presents Kevin Baum, TCPS 2016 Teacher of the Year, with a new car at Opening Day.

**Al Silverstein** of the **Talbot County Chamber of Commerce** presents Superintendent **Kelly Griffith** with discount cards for all TCPS employees.

The Easton **Applebees** supports TCPS staff through their monthly Support Staff Service Award and discount incentives for all employees.

The Easton **Chick-fil-A** offers discounts to all TCPS staff members.

# Internship Opportunities

Students are provided with the opportunity to experience the business environment while under the supervision and guidance of a professional. Internships integrate the professional work environment with classroom skills and help students to be college and career ready. Exposure to a career field prior to graduation facilitates making successful career choices and engages our students in achieving their goals.

“My internship at the hospital was a great opportunity. I’m a Biomedical Science Career Path Completer and was interested in a career in the healthcare field. Through my internship I was able to see and experience what it is like to work in a hospital and the day to day responsibilities of being a nurse. I’m excited to be a nursing student at Widener University next Fall and plan to be a nurse practitioner.”

—Shelby Barnes  
EHS class of 2016

Shelby met with nursing professionals in the Spring of 2015 at the Easton High School Career Fair. Students have the opportunity to interview local professionals and learn about careers they are interested in.

# Career & Technology Education

Excellence in career and technology education is the goal of teachers, administrators and volunteer advisory committee members. Bringing employers and educators together on Advisory Committees provides a format for sharing information and ideas. Advisory boards are organized to provide advice and assistance to teachers and administrators of specific programs. They help to ensure that students are learning the most current skills.

*Culinary Arts students show their program in action by catering advisory board meetings.*

*Automotive Technology instructor Brian Willey meets with advisory board members Ryan Mills of Hertrich Honda/Kia, David Allen of Easton Utilities, and Bill Shull of Koons Toyota.*

*Interactive Media Production advisory board members attended the IMP Film-In to support and assist students. Cid Walker, Documentary Filmmaker and Director of Programming at the Chesapeake Film Festival, Cat Redman from Spiderweb Connections, Constance DelNero, Academy of Art, Easton.*

# Adopt-a-Classroom

Adopting a class allows teachers to purchase additional classroom supplies and establishes new relationships with the community. Sponsors help ensure that children have the resources they need to succeed. Beyond the practical benefits in terms of material resources, genuine relationships are forged between child and community.
